

Journey through the Swedish inland
via the Arctic circle

North To South

Inlandsbanan takes you on an adventure where you will discover the Swedish nature's variations from Gällivare in the north to Östersund and Mora in the south.

Experience the Swedish inland in a way you never did before- from the north to the south. Inlandsbanan takes you to a unique cultural environment with stops at our golden spots along the way. During the journey you will stay in Gällivare, Jokkmokk, Vilhelmina, and Östersund, before finally arriving in Mora in the country of Dalarna the last day of your trip.

The train runs through landscapes with abundant wildlife, where Sweden's big predators live: bear, wolf, lynx and wolverine. If you are lucky you may get a glimpse of them. There is also plenty of reindeer, elk, and beautiful birds' prey along the tracks. During the trip, we will make a stop at the Arctic Circle.
